Advance-Nilfisk Part - Think about how tiresome it will actually be to tidy up your very own house after having a big party, with no help from cleaning equipment. In the past, when upholstery and carpets had the dirt beat out of them manually; cleaning cloths, brushes and brooms were the best cleaning supplies during that time.

P.A. Fisker, the man who founded Nilfisk-Advance, was actually an electrical engineer who really loved working with electrical motors. Starting the business in 1906, he began to produce motors to drive coffee grinders, drills, fans and machine tools. Mr. Fisker's vision from the start was to have an international business marketing products globally.

The Nilfisk C1 was a remarkable breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by one individual. This creation came in a time where various cleaning machines were massive and required 4 or more operators, thus, the Nilfisk C1 changed everything and developed the way we clean forever. The genius behind these very first cleaning machines remains unparalleled. Cleaning machines provide an excellent solution to an ongoing crisis; stuff get filthy and need to be cleaned frequently, without a lot of effort.

Gradually, the business Nilfisk-Advance expanded throughout the years. In the the early part of the 1980's the company developed more rapidly when the company became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance forward within the industry, aspiring to be an active global player in manufacturing professional cleaning equipment. Nilfisk-Advance is currently found in every part of the world due to gradually obtaining numerous small businesses to be able to develop their product range and presence in new markets. They are really proud to provide a variety of cleaning solutions to meet every need.
